

ESSER II

Creative Space

We invite you to review the items below to facilitate creative thinking on the specific topic presented.

3 Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities.

- What building needs are ***specific to your LEA***? How has COVID-19 changed your focus?
- Number 3 focuses on existing systems. What ***existing systems*** do you have in place that this funding could be used to improve and make fully functional?
 - Do your buildings and systems have any repair needs that would affect air quality? How could this funding support those needs?
- When was the last time your filtration was updated or cleaned? Could they use an upgrade?
 - Are all areas properly filtrated and ventilated?
